**TAKE ACTION**

**RECYCLE**

**WE CAN EDUCATE PEOPLE!**

**HOW YOU CAN HELP**

**ZERO WASTE TIP #1**

We can start to raise awareness by reducing the use of excess water at home and at the same time informing our family members.

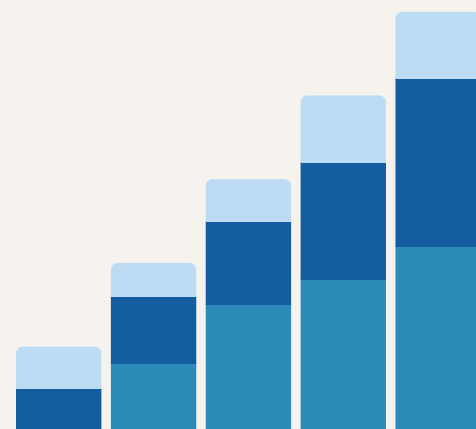

**DO YOU KNOW THAT?**

One person produces about one and a half kilograms of waste a day.

**CURRENT**

**STATISTICS**

*Graph of plastic use by years*

There is a lot of video and content about conscious recycling on social networks. Various campaigns can be launched to spread awareness about recycling, using less plastic and raising awareness among people, as well as recycling games designed in schools.
